ESGR recognizes Nashua agencies

Telegraph, The (Nashua, NH) - Wednesday, February 11, 2009

Arthur Andrews, region chairman from Employer Support of the Guard and Reserve, recently presented Statement of Supports to the agencies of the Partnership for Successful Living at Buckingham Place in Nashua. ESGR is recognizing the agencies for their active involvement with the veteran community and the outreach work they perform.

ESGR is a Department of Defense agency established in 1972. The mission of ESGR is to gain and maintain employer support for Guard and Reserve service by recognizing outstanding support, increasing awareness of the law and resolving conflicts through mediation. ESGR volunteers provide free education, consultation and, if necessary, mediation for employers of Guard and Reserve employees.

The Partnership for Successful Living, a newly named collaboration of six local nonprofit agencies, helps individuals and their families working to triumph over some of life's greatest challenges. By sharing resources and working as one, the Partnership for Successful Living can better deliver a comprehensive array of housing and supportive services designed to empower individuals and families and ultimately build a stronger community.

Several of the agencies receiving the proclamation previously or currently employ returning veterans, and all are committed to helping returning soldiers reestablish their lives and reacclimatize to the community. The proclamations were fittingly presented at Buckingham Place, a **Harbor Homes** ' Veterans FIRST transitional housing program for homeless honorably discharged veterans and their families. Veterans are able to receive supportive services in a safe environment while they address the issues that caused them to become homeless. Ultimately they are able to become productive members of the community.
